

Participation Brochure

Respected Sir/Ma'am,

We hope that this invitation finds you in the pink of health and that you and your family are safe and fine. We on behalf of **IEEE YESIST12-2020 (WePOWER Track)** is going to organize 6-Days International Bootcamp on "**Energy Modeling in Industry**".

We are elated to invite Academicians/Working Professionals/ Research Scholars/Undergraduate/Postgraduate Students those who are interested in engaging with "Renewable Energy & its related fields".

We foster your presence in this program through the prescribed registration link. It is truly our honor and we look forward to have you for this event.

Registration Fees:

(includes Entry to all sessions, Access to Recorded Videos & Certificate)

Participants from India: **INR 500/- per head**

Participants from Outside India: **USD 8/- per head**

Note:

If enrolled, attendance is mandatory for all the days of the program. Certificates will be provided after a feedback which will be held on the last day. Thank you for your time and consideration.

Speakers Panel & Sessions Timeline

Mr. Subodh Gajare
Lead Architect – Digitization, CISCO R&D,
Bengaluru, Karnataka, India

Session Title:

Transforming Energy : The Green Path for the Blue Planet

Session Date & Time:

3rd & 4th September 2020 [4:00 PM - 6:30 PM IST]

Dr. Anuradha Tomar
Postdoctoral Researcher
Eindhoven University of Technology, Netherlands, Europe

Session Title:

Photovoltaic based Water Pumping Systems

Session Date & Time:

5th September 2020 [5:00 PM - 7:00 PM IST]

Mr. Devakumar A
Engineer - Power Systems Studies,
Power Projects, Chennai, Tamil Nadu, India

Session Title:
PVSyst Solar Simulation Tool
(Hands-on Training)

Session Date & Time:
6th & 7th September 2020 [4:30 PM - 6:30 PM IST]

Dr. Rashi Gupta
Managing Director, Vision Mechatronics
(Asia's Most Influential Women in Renewable Energy Sector 2020)
Maharashtra, India

Session Title:
Energy Storage Systems
Session Date & Time:
8th September 2020 [4:30 PM - 6:30 PM IST]
